Budget Proposal: Increase Memory for Website Server

lou.king@steeplechasers.org

Fri, Jun 9, 2023 at 4:24 PM

You have been invited to the discussion for Budget Proposal: Increase Memory for Website Server. Please reply/all on all responses.

We've noticed a slowdown in the steeplechasers server, especially when editing the website. I'm proposing increasing the memory on the server. As this will be an increase in cost, we need to discuss and vote on this.

Please see [Increase Memory for Website Server Budget Proposal](#) for details.

I'd like to get the discussion completed by Wed 6/14, with goal of voting by Fri 6/16.

Discussion will be by reply/all to this email.

When it's time to vote, I'll send out a motion to vote on, which will be tallied by the system.

This sounds needed and you being the tech guru have the fix. The increase is pretty minimal...I say go with it!

I'm OK with this. I have noticed that the website has been getting slower.

I've noticed it seems pretty slow as well, I think the increase is warranted
